Greenview International School,
Malaysia

Student's Story

My Experience at Student Attachment Program (SAP)

By Zahra Nadira (P4)

When I did SAP, I was so worried that my friends at Atamimi and Greenview school would not be friendly. But, they didn't. They are so nice and kind. At Malaysia, the hotel was so comfortable. At Singapore, the places were so nice. At USS (Universal Studio Singapore), my favourite ride was Transformer and The Mummy. I love doing SAP with my friends. SAP is learning while travelling, we learn but we still have fun.
